

# Review Applications

Dashboard > Contact Forms > Contact Forms

Online applications are reviewed by clicking on the name of application form as show below:

The screenshot shows the WordPress dashboard for 'The Pruno Fund'. The left sidebar contains various menu items, with 'Contact Forms' highlighted in blue and circled in red. The main content area is titled 'Contact Forms List' (also circled in red). At the top, there is a notification about a WooCommerce data update. Below this is a table with 4 items:

Name	Count
<a href="#">Contact form</a>	0
<a href="#">Individual Education Grant Application</a>	0
<a href="#">Individual Emergency Grant Application</a>	0
<a href="#">Speakers Bureau Application</a>	1

Below the table, there is another section header 'Name' and 'Count' with '4 items' to the right. A red line points from the 'Speakers Bureau Application' link in the table to the text 'click to see submissions'. Another red line points from the count '1' to the text 'number of submissions'.
